

## Baking Instructions for Samosa

Pre-heat your oven to 350 F or 177 C

Place your frozen Samosa on a parchment paper covered baking sheet

Place it in your pre-heated oven and bake for approximately 35-40 minutes (rotating once) until the edges are golden and the filling is bubbling through the holes.

Depending on your oven, the time may vary so it is best to check your Samosa periodically to ensure it does not over-bake.

Enjoy!
