

## Baking Instructions for Curry Chicken Tart

Pre-heat your oven to 350 F or 177 C

Place your frozen Tart on a parchment paper covered baking sheet

Place it in your pre-heated oven and bake for approximately 55 minutes (rotating once) until the edges are golden and the filling is warmed through to the center.

Depending on your oven, the time may vary so it is best to check your tart periodically to ensure it does not over-bake.

Enjoy!
